

signature bollards

From the traditional rotationally moulded to the most up-to-date blow moulding process, Signature multi-aspect bollards offer our customers the **FREEDOM OF CHOICE** in both product style and design to meet the demands of an ever-changing market.

The Signature range of 270mm rotationally moulded bollards offer the effectiveness expected from using UV stabilised high flexibility polymers, the Mold In Graphics guarantee of 5 years together with industry standard compliance means that supply can be made to suit all budgets without jeopardising quality.
