

Rue-de-la-Paix

Rue-de-la-Paix

This period-style luminaire creates an attractive ambience reminiscent of the days of gas lighting, while integrating perfectly in a modern environment. It can be equipped with optical reflectors to provide directional lighting and can also be combined with similar style masts, brackets and bouquets.

Main applications

- Walkways in parks
- Outside historical buildings
- Bridges
- Squares
- Other areas where atmosphere is important.

Suitable lamp types*

- Incandescent 150/250 W
